Pre-assigned Table and Ticket Information

Dear Members and Guests,

We're excited to welcome you to our upcoming Country Western Dance! To make your experience even better, we've introduced a pre-assigned seating system.

With 28 tables and 10 seats at each, we're able to accommodate up to 280 guests—our typical capacity. To ensure everyone has a seat, all spots must be filled. This system helps streamline the seating process so you can quickly find your table, settle in, and enjoy the evening.

Table Assignment Details: The Dance Club will post pre-assigned table numbers on our website the day before the country western dance. Club members and Ticket holders can view their table number and location. https://www.scgdanceclub.org/countrywestern_dances.php

If you don't know your table number in advance, no problem—we'll have an alphabetical list at the entrance and can assist you. However, having your table number ready will help speed up the check-in process.

When You Arrive

1. Hand us your ticket at the door.
2. Let us know your table number or if you'll be sitting at an open table.

3. Proceed to your pre-assigned table and seat yourself.

Helpful Hint: When you know your assigned table number, jot it down on your printed ticket so you won't forget!

To make finding your seat easy, a large seating board (24" x 36") near the ballroom entrance will show the table layout with assigned seats. You can also check the floor plan in the link included in this email to locate your table in advance.

Note: If your name is not on the seating board when you arrive – at check-in we will assist you to an open seat.

Group Seating Instructions: If you're organizing a group of friends to fill a table of 10, let Gail know ahead of time via text or email, and we'll be happy to accommodate. This is **ONLY** for the country western dances, Gail Raes is the country western dance director.

If you'd like to invite additional guests to join you at your table, please let Gail know their names and the number of extra seats needed as soon as possible. With each person able to purchase up to 4 tickets, tables that seat 10 will often have a few open spots, and we'll be happy to reserve them for your group!

Please include your name and the names of all additional guests in your message. We will assign a table number for your group, which you'll receive in advance so everyone in your party knows where to sit upon arrival.

Open Seating For guests without a pre-assigned table, no worries! We've designated Open Seating at tables 25 and 28 on the carpet. Table #14 is a singles table. Feel free to choose any available seat at these tables. At partially filled tables we will place a red ribbon on chairs at open seats—or- we can assist you at check-in.
